Ways to work together

Everything is made in the account's own voice and format, so it reads like the posts people already save.

Sponsored carousel	A guide or meme carousel built around your product, in the account's own format. The format behind every top post.	on request
Single-image meme	One image, made to be shared. The format with the most shares per view on the account.	on request
Reel	A 15 to 40 second reel: a class tip, a news beat or a moment from our own play, with your product in it.	on request
Story set	Three to five stories with a link sticker, for a launch, a code or a sale.	on request
Launch bundle	Carousel, reel and story set around one date: a raid opening, a patch, a holiday sale.	on request

What we don't take: Gold sellers, boosting and account services, gambling, crypto, or anything that breaks Blizzard's terms. The audience trusts the account because of that line.
