Ways to work together

Everything is made in the account's own voice and format, so it reads like the posts people already save.

Sponsored carousel — on request
A guide or meme carousel built around your product, in the account's own format. The format behind every top post.

Single-image meme — on request
One image, made to be shared. The format with the most shares per view on the account.

Reel — on request
A 15 to 40 second reel: a class tip, a news beat or a moment from our own play, with your product in it.

Story set — on request
Three to five stories with a link sticker, for a launch, a code or a sale.

Launch bundle — on request
Carousel, reel and story set around one date: a raid opening, a patch, a holiday sale.

What we don't take: Gold sellers, boosting and account services, gambling, crypto, or anything that breaks Blizzard's terms. The audience trusts the account because of that line.
